*****COMMISSIONER'S COURT COMMUNICATIONS AND AGENDA ITEMS REQUEST ARE DUE ON WEDNESDAY BEFORE THE NEXT SCHEDULED MEETING AT 9:00 A.M.**

DATE: April 7, 2026
TO: Honorable County Judge and Commissioners Court
FROM: Isaak Ruiz, Grant Administrator
RE: Request for Authorization to Pay Invoices under the Executed Professional Services Contract for the Venesa Street Project

---

The project is grant-funded, with reimbursement provided after the County makes payment. Although the contract is fully executed, we have been unable to pay two outstanding pay applications because the auditors office requires the entire engineering contract amount to be set aside and encumbered upfront.

The grants department has submitted a budget amendment to transfer $45,000 from the El Indio Project to the Venesa Street Project. The plan is to pay the first invoice with currently available funds, request reimbursement from the granting agency, and then use the reimbursed funds to pay the second pay application. This reimbursement cycle will continue for future invoices as needed.

No provision in the Texas Local Government Code requires local governments to set aside the entire contract amount upfront before paying invoices for professional services. These contracts follow qualifications-based selection and are exempt from competitive bidding under Local Government Code Chapters 252 and 262. The Texas Constitution (Art. XI, §7) prohibits unfunded debt but permits incremental progress payments based on verified work performed, with payments generally due within 30 days of a proper invoice under Government Code Chapter 2251. While local policies may encumber funds as obligations arise, no statewide statute mandates full upfront set-aside for professional services.

Authorizing this reimbursement-based process is standard for grant-funded projects. It will allow effective cash flow management, timely drawdown of grant funds, and prevent delays in critical engineering services for the Venesa Street Project.

All invoices will be reviewed and approved per standard County procedures, and detailed records of payments and reimbursements will be maintained for transparency and audit compliance.

Memorandum of Understanding
Between

Maverick County, Texas
and
Puerto Verde Holdings, LLC

Date: March 26, 2026

Purpose & Intent
This MOU is entered into exclusively with respect to U.S.-side rights, obligations, and operations. Nothing herein creates rights or obligations with respect to Mexican-side entities, concessions, or operations, which shall be addressed in separate binational agreements. Maverick County, Texas expressly reserves the right to invite the City of Eagle Pass, Texas to participate in Puerto Verde Global Trade Bridge (PVGTB) governance, ownership, or toll operations as an additional party to any subsequent definitive agreements, on terms to be negotiated by all parties at that time. Nothing in this MOU shall be construed to limit or waive that reservation.

This Memorandum of Understanding ("MOU") establishes the framework for collaboration between Maverick County, Texas ("County") and Puerto Verde Holdings, LLC ("Puerto Verde") regarding the development, ownership, maintenance and operation of the Puerto Verde Global Trade Bridge (PVGTB), a commercial-only international bridge, and associated toll infrastructure on the U.S. side , as part of the larger Puerto Verde Global Trade, Industrial and Logistics Project.

Both parties share the goal of enhancing Maverick County's role as a strategic North American trade hub, improving cross-border efficiency, and generating sustainable economic growth through the development of a modern commercial only international bridge and logistics corridor under a shared governance framework.

The Parties acknowledge that Puerto Verde received Presidential Permit authorization on May 31, 2024, for construction and operation of PVGTB as a commercial-only port of entry, and that Puerto Verde is in the process of modifying said Presidential Permit ("Presidential Permit - PV") to incorporate the GSA lease arrangement for the U.S. land port of entry. The Parties will coordinate all development activities to ensure compliance with the Presidential Permit - PV conditions and all corresponding binational approvals and treaty obligations.

1. **Scope of Collaboration**

This MOU applies exclusively to the development of the Puerto Verde Global Trade Bridge (PVGTB), a commercial-only international bridge, including the bridge structure on the U.S. side, toll system, U.S. land port of entry, customs plaza, and access infrastructure.

1.1. Project Components

1.1.1. **Puerto Verde Global Trade Bridge (PVGTB) - U.S. Side - Commercial Only:** Bridge superstructure, substructure, approaches, toll system, and associated roadways on the U.S. side connecting to U.S. Route 277 and the international boundary, designated exclusively for commercial vehicle traffic;

1.1.2. **U.S. Land Port of Entry and Federal Inspection Compound - Commercial Only:** Land and improvements within the U.S. land port of entry and federal inspection compound boundary for commercial vehicle inspection only;

1.1.3. **Puerto Verde Access Roadway:** Private roadway owned and operated by Puerto Verde providing access between PVGTB and Puerto Verde's industrial/logistics campus;

1.1.4. **Integration Infrastructure:** Utilities, traffic management systems, rail connections, and coordination facilities supporting the broader Puerto Verde Global Trade, Industrial and Logistics Project.

1.2. Commitments

The parties agree to:

- Jointly pursue the development, construction, maintenance and operation of PVGTB as a **commercial-only international bridge**;
- Ensure integration of the bridge with Puerto Verde's private industrial, rail, and logistics complex.
- Define the County's participation and ownership to the bridge and toll operations.
- Work together to designate PVGTB as the primary commercial port of entry for Maverick County, with all commercial traffic routed through PVGTB once operational.
- Coordinate with federal, state, and Mexican authorities through a binational Integrated Project Team.

2. **Non-Binding Understanding**

THIS MOU EXPRESSES MUTUAL INTENT AND COOPERATION. IT DOES NOT CREATE LEGAL OR FINANCIAL OBLIGATIONS. BINDING TERMS WILL BE SET FORTH IN FORMAL AGREEMENTS TO BE EXECUTED BY BOTH PARTIES.

3. Ownership and Participation

The parties agree that Maverick County intends to participate in the proposed ownership of the Puerto Verde Global Trade Bridge (PVGTB) bridge and toll operations for nothing less than sixty-five percent (65% or "agreed percent"), with the remaining thirty-five percent (35%) or less interest held by Puerto Verde. Notwithstanding the foregoing, any proposed ownership distribution must comply with applicable federal and state law.

A qualified independent firm will be engaged to conduct an investment-grade valuation study to determine the financial value of the PVGTB project. The study will assess projected revenues and traffic volumes, operational costs and maintenance requirements, growth potential & market conditions, fair market value for incremental ownership acquisition, and long-term performance of the bridge and toll operations.

Based on the findings of this study, both parties will negotiate the terms under which the County may incrementally acquire ownership interest—up to the agreed percent threshold—according to the project's established valuation and financial model.

Acquisition terms will include:

- Payment schedule and funding sources (e.g. grants, bonds, TIRZ revenues)
- Transition milestones tied to project development phases
- Adjustment mechanisms for changes in project value
- Puerto Verde's retained agreed percent ownership interest

All future revenues, expenses, and responsibilities will be proportionally distributed according to the finalized ownership structure and as defined in subsequent agreements.

As the County acquires additional ownership, revenue sharing will adjust to reflect the updated ownership proportions, as defined in subsequent agreements.

3.1. U.S. Land Port of Entry and Federal Inspection Compound - Commercial Only

Puerto Verde retains fee title to land, buildings, utilities, and structures comprising the U.S. land port of entry and federal inspection compound site designated for commercial vehicle inspection only. Puerto Verde will pursue lease-based delivery per pending Presidential Permit Amendment.

All Furniture, Fixtures, Equipment required by GSA, CBP, FMCSA, or other colocated agencies at the land port of entry and on the international bridge (dynamic signage, cameras, et al) are owned by the United States and assigned to GSA, CBP, FMCSA, or other colocated agencies per the GSA lease and interagency agreements, as authorized in accordance with federal and state law.

3.2. Puerto Verde Access Roadway

Puerto Verde retains the fee title and all rights to its private access roadway connecting PVGTB to the Puerto Verde campus.

3.3. Puerto Verde Private Campus

Puerto Verde will retain ownership of all surrounding private-sector logistics, rail, and industrial components not included in the bridge and toll operations.

3.4. Interface Control

Puerto Verde will prepare and maintain Interface Control Documents ("ICDs") defining physical, utility, data, and security demarcations between the County, Puerto Verde, and federal jurisdictions. ICDs will establish acceptance criteria, maintenance access windows, and break-fix protocols.

4. SPV Structure and Distribution Waterfall

Bridge and toll operations shall be held in a special purpose vehicle (SPV) in which ownership is allocated per the percentages defined in Section 2. Puerto Verde Holdings, LLC or its designated affiliate shall serve as Managing Member. Unless prohibited by federal and/or state law, distributions shall follow this waterfall: (1) management fees and operating costs; (2) debt service; (3) preferred returns to capital investors at rates defined in definitive agreements; (4) pro-rata distributions to equity holders per finalized ownership percentages. The County's ownership position shall begin at a negotiated baseline percentage at financial close and step up to the agreed percent cap based on capital contribution milestones as defined in definitive agreements.

All future revenues, expenses, and responsibilities will be proportionally distributed according to the finalized ownership structure and as defined in subsequent agreements.

5. Roles and Responsibilities

5.1. Maverick County will:

- Serve as the public-sector lead and majority partner for U.S. with PVGTB.
- Oversee permitting, compliance, and engagement with state, federal, and binational authorities.
- Administer toll collection operations on the US side.

- Collaborate with Puerto Verde to establish a Tax Increment Reinvestment Zone (TIRZ), or other legally authorized funding mechanism, to fund public infrastructure supporting the project, and serve as applicant and recipient for federal and state grants, bonds, Transportation Infrastructure Finance and Innovation Act (TIFIA) credit assistance (for which international bridges with capital costs of $50M+ are specifically eligible), and other legally available revenue sources.
- Present this MOU and subsequent agreements to Commissioners Court for formal review and approval.
- Support the creation of the Port Authority and participate on its board once formed.

5.2. Puerto Verde Holdings will:

- Lead technical, legal, and financial development of PVGTB
- Submit modified presidential permit designating Maverick County as a pilot and development port authorized for 24/7 operations.
- Finance and construct supporting private infrastructure including rail, logistics, and industrial components.
- Assist the County with grant applications and funding strategies, including federal, state, institutional, TIRZ or other legally authorized funding mechanism opportunities.
- Lead the establishment of the Port Authority and its integration with the broader Puerto Verde Global Trade, Industrial and Logistics Project.

6. Port Authority Formation

Puerto Verde will lead the creation of a Port Authority designed to oversee the long-term governance, coordination, and funding of the entire Puerto Verde development, including the Puerto Verde Global Trade Bridge (PVGTB), the industrial and logistics complex, the rail and transportation corridors, and all related binational trade and infrastructure components that form part of the Puerto Verde Global Trade and Logistics Project.

Maverick County will be supportive of the creation of the Port Authority and will hold a seat on its Board of Directors once established.

Maverick County recognizes the importance of this Port Authority as a central institutional mechanism to coordinate infrastructure development, regional growth, and cross-border operations for the full project as a whole.

Puerto Verde will coordinate with local, state, federal, and private stakeholders to formalize the Port Authority's structure, powers, and governance, ensuring it aligns with applicable laws and advances the long-term economic and logistical objectives of the region.

7. **Infrastructure Coordination and Intergovernmental Cooperation**
Puerto Verde agrees to coordinate infrastructure planning and development within Maverick County under mutually agreed conditions, in alignment with applicable federal regulations, state regulations, county land use, infrastructure, and regulatory authorities. The reservation of rights with respect to the City of Eagle Pass is set forth in the Purpose section of this MOU and it is the intent of both parties to coordinate with the City of Eagle Pass for any possible future inclusion.

8. **Funding and Development**
The parties agree to pursue a mix of public and private funding mechanisms to develop and operate PVGTB and associated infrastructure. These may include federal and state grants, private and institutional investment, and the establishment of a TIRZ established jointly with Maverick County pursuant to Texas Tax Code Chapter 311, or other legally available County financing mechanisms including but not limited to, a County Road District, Public Improvement District (PID),County Development District (CDD), to reinvest incremental revenues into local improvements.

Puerto Verde will leverage its network and relationships to support grant applications and investment recruitment. This MOU does not create financial obligations; all funding terms will be defined in future agreements.

9. **Governance and Management**
Governance shall be determined in accordance with applicable state law and established in a separate agreement. Upon execution of definitive agreements, governance will reflect ownership proportions. Maverick County will maintain majority voting authority consistent with its ownership share (up to agreed percent), while Puerto Verde will retain its agreed percent representation to ensure project alignment and private-sector integration. The Parties further acknowledge that Puerto Verde Holdings, LLC or its designated affiliate shall serve as Managing Member of any joint venture SPV formed hereunder, with operational and day-to-day management authority as defined in definitive agreements, and that Maverick County's voting authority shall be limited to reserved governance rights (including approval of sale, dissolution, or material scope changes) as negotiated therein.

10. **Integration with the Puerto Verde Project**
PVGTB will directly connect to the Puerto Verde Global Trade, Industrial and Logistics Complex, integrating customs, rail, and industrial operations within a single corridor. This design will consolidate

all commercial traffic through PVGTB, enhancing operational efficiency while striving to maintain existing Eagle Pass bridge crossings exclusively for pedestrian, bus, POV and passenger crossings. The Parties acknowledge that rail corridor integration is subject to separate regulatory approvals, including Surface Transportation Board (STB) authorization, and that this MOU does not create any obligation on either Party contingent upon the success of rail component approvals. Rail integration shall be addressed in separate definitive agreements.

11. Intellectual Property

All Background IP and Project IP developed by or on behalf of Puerto Verde remain the exclusive property of Puerto Verde IP Holdings, LLC. All data, records, and information owned or generated by Maverick County in its governmental capacity remain the exclusive property of Maverick County. All technology, equipment, software, and data owned or operated by federal and state agencies at the Land Port of Entry are and remain the property of the United States Government and State of Texas and are not subject to this Section.

Nothing in this MOU grants ~~the~~ either party any license, right, or interest in the other party's intellectual property. For the avoidance of doubt, Maverick County's participation does not include any contribution of IP developed by Puerto Verde, and Maverick County acquires no rights in Puerto Verde's Background IP or Project IP through its equity participation.

12. Community Commitment

Both parties reaffirm their shared goal to prioritize community welfare, sustainable development, and long-term legacy. The collaboration aims to create employment, strengthen local infrastructure, expand tax revenue, and protect fixed-income residents through coordinated policies.

13. Transparency and Public Engagement

The Parties recognize the importance of maintaining transparent communication with the Maverick County community and regional stakeholders throughout the development, construction, and operation of PVGTB.

To advance transparency and public engagement, the Parties may consider public dashboards, public presentations, public information office, and shared communication coordination, to be agreed to in future agreements.

14. Timeline and Next Steps

- Puerto Verde will deliver this MOU by [Date] 2026 for County review.
- Maverick County intends to present this MOU to Commissioners Court in [Month] 2026.
- Upon approval, both parties will move forward with:
  - The investment grade study,

- Formation of the necessary entities, including but not limited to the Port Authority,
- The modified presidential permit process, and
- TIRZ evaluation and related funding applications.

15. Term and Termination

This MOU shall remain in effect for twenty-four (24) months from execution unless extended or replaced by subsequent agreements. This MOU shall automatically renew for one (1) additional twelve (12)-month period unless either Party provides written notice of non-renewal at least sixty (60) days prior to expiration. Either party may terminate with thirty (30) days written notice for any cause.

16. Most Favored Party

In the event that the City of Eagle Pass or any other governmental entity is added as a party to subsequent definitive agreements on economic terms more favorable than those applicable to Maverick County (including ownership percentage, revenue share, or governance rights), Maverick County shall have the right to receive equivalent terms upon written request within sixty (60) days of notice of such more favorable terms.

17. Severability.

If any provision of this MOU is determined by a court or other tribunal of competent jurisdiction to be invalid, illegal, or unenforceable, such provision shall be deemed severed from this MOU to the minimum extent necessary, and the remaining provisions shall continue in full force and effect. To the extent permitted by applicable law, the parties intend that any such invalid, illegal, or unenforceable provision be modified and enforced to the minimum degree necessary to render it valid, legal, and enforceable while most closely reflecting the parties' original intent. If such modification is not permitted, the provision shall be severed, and the remainder of this MOU shall be given full effect.
